About The Land Conservancy

Founded in 1981, The Land Conservancy of New Jersey is a member supported non-profit land trust dedicated to preserving and permanently protecting open space in New Jersey.

Our mission is to “preserve land and water resources, conserve open space, and inspire and empower individuals and communities to protect land and the environment.” We accomplish this through our three key program areas: Land Preservation, Stewardship, and Education.

The Land Conservancy has preserved 25,000 acres of land and has helped towns receive more than $235 million in grants to purchase and protect land throughout the state. We have worked with 100 municipalities in 13 counties, impacting over half of New Jersey’s counties and benefiting millions of residents throughout the state. Our programs are made possible through the generous support of our members, corporate partners, and foundations.

In 2009, The Land Conservancy of New Jersey became the first land trust in the state to receive accreditation from The Land Trust Accreditation Commission. In 2015, we became the first to become re-accredited. As a fully accredited Land Trust, we perform our work at the highest professional and ethical standards, helping to secure a sustainable future for everyone living and working in the Garden State.
